DOCUMENT OVERVIEW

INTRODUCTION & BREAKPOINTS

team one 13031 W. JEFFERSON BOULEVARD | LOS ANGELES, CA 90094

INTRODUCTION

This document is meant to provide an overall description of the functionality of (INSERT PROJECT TITLE). It is a document for discussion and it is normal for it to go through several iterations until all parties agree with the specification of functionality.

Due to this iterative process, the architecture is predicated on some technical assumptions. Please provide any feedback about changes, opinions, features, or omissions so that this document can serve as a specification for development.

The wireframes are annotated for the desktop site experience, but also provide a similar flow and functionality for tablet and mobile versions of the site, which are illustrated within this document.

Prototypes of these wireframes are available online at: (INSERT LINK HERE)

STANDARD BREAKPOINTS

1. SMALL

640px breakpoint, typically used for mobile phones, ranging from 320px to 640px.

2. MEDIUM

960px breakpoint, typically used for tablets in portrait view, ranging from 641px to 960px.

3. LARGE

1200px breakpoint, typically used for tablet in landscape view, ranging from 961px to 1200px.

4. EXTRA LARGE

1200px breakpoint, typically used for desktop, used for any screen 1201px and larger.

5. MAXIMUM DIMENSIONS

1800px is the maximum dimension for content, with background images and color extending to browser width.

VEHICLE W/ NO VIN - DASHBOARD

DESKTOP VIEWPORT

1. ADD VIN TILE

The 'Add VIN' tile will only appear for users with a model/year vehicle input without a VIN.

2. WHERE IS MY VIN? STATE

See 'Add VIN' tile page for all states.

3. ADD VIN FIELD

When the user enters 17 characters, the interface automatically performs a check to see if the VIN entered follows the Lexus VIN format.

4. SUBMIT CTA

On click, submits the users VIN and refreshes dashboard. Dashboard displayed follows formatting for either: New vehicle with VIN, Vehicle with VIN and Service Connect, Vehicle with VIN and no Service Connect, or Vehicle with VIN, no Subscriptions, and no Service Connect depending on vehicle status.

If vehicle VIN does not match the user's input Model and Year of the current dashboard, new vehicle is added to garage and page reloads with new vehicle displayed. Model and Year input vehicle remains in user's garage until removed by user.
